10,000+

YOUTH A YEAR  
TURNING DREAMS INTO  
REALITY

Kips Bay Boys & Girls Club is a safe space for kids ages 6 to 18. We're proud to serve over 10,000 boys and girls across our nine locations in the Bronx and at our Harriman summer camp, in New York's Hudson Valley. Every day, our Club makes a difference in the lives of extraordinary kids.

Dear Friends,

Kips Bay Boys & Girls Club has been in existence for over 100 years, currently serving 10,000-plus members annually. Since its launch, we have witnessed many success stories that fill us with the confidence that motivates us to fulfill our mission year after year. We are thankful to our generous donors who provide essential funds needed to uphold this organization and its necessary services. Your support is invaluable.

Over time, we have been mindful of staying on the cutting edge of quality programming, inspiring our youth to strive for excellence. With the success of our 100th anniversary campaign, we will fulfill our promise to strengthen our infrastructure and improve our facilities. Plans include a Learning Kitchen at the Frederic R. & Margaret Coudert Clubhouse, located in the West Bronx, and renovations for the Lucile Palmaro Clubhouse, including the expansion of the cadet area, which serves our largest growing population of 6- to 9-year-olds. We expect to complete these projects by 2020 and will be sharing updates on our progress. In due course, we look forward to celebrating these accomplishments with you, our donor community.

Our inspiration to continue working for the betterment of our organization is highlighted in this annual report, as well. Margaret R., our Youth of the Year representative for 2017, is an incredible example of how our youth inspire us time after time. As Margaret

recounts her journey with Kips Bay, she shares that facing her issues was not an easy task. Through her connections with her peers at the Coudert Clubhouse and the supportive staff, she matured in character and demonstrated her leadership abilities. She used her peers and the Kips Bay programs to challenge herself in all aspects, personally, academically and physically. As she confronted and resolved her issues, she also prepared for dealing with the real world. Her enduring efforts and compelling life story led her to succeed at the state level during the Youth of the Year competitions, where Margaret was rewarded for her commitment with a scholarship to cover higher education costs.

We applaud Margaret and aspire to create these outcomes with all our members by continuously providing an environment that builds confidence, strength and character. Thank you again for partnering with us.

Sincerely,

Daniel Quintero  
Executive Director,  
Kips Bay Boys & Girls Club

Dear Friends,

As we highlight a portion of yet another productive year in the pages that follow, I am grateful for the team of dedicated people that drive these accomplishments: my fellow trustees; Executive Director, Daniel Quintero; the skilled staff; and the generous contributors that sustain this organization, enrich young lives and underscore our mission.

Kips Bay is committed to transmitting confidence, strength and character.

Our confidence comes from appreciating the value of the essential services we provide to children who really need us. Parents and members also experience the Club as a safe and positive place.

Our strength lies in knowing we are consistently supporting our youth and giving them opportunities to grow and thrive. Members demonstrate their resilience as they engage in healthy competition in sports and educational activities.

The character exemplified by our staff serves as an example for positive role models for our young people; this is the same character these youngsters attain and exhibit as they prepare for their future.

We are fulfilling our mission for over 10,000 youngsters annually at nine locations throughout the Bronx and a rustic camp in Harriman, New York. With your continued support, Kips Bay members will flourish in ways they never imagined.

I hope you are as gratified as I am in knowing your contributions are instrumental in empowering our youth. I proudly share our annual report with you.

Sincerely,

James P. Druckman  
President and CEO, New York Design Center  
President, Board of Trustees  
Kips Bay Boys & Girls Club

“KIPS BAY FOSTERS A SENSE OF COMMUNITY AND OFFERS A SENSE OF BELONGING. I WAS A KIPS BAY KID MYSELF, FROM THE AGE OF SIX, SO I KNOW HOW IT MOTIVATES KIDS. THEY LEARN, THEY EXPLORE, AND THEY SEE THAT THEY HAVE OPTIONS HERE THAT THEY WOULDN'T OTHERWISE HAVE.”

::Eddie Oyola, Aquatics Director, Club member from age 6-18

By the age of ten, Margaret R.'s life was already at a crossroads. Growing up in the West Bronx in a single-parent household, Margaret wasn't able to receive the attention and guidance at home that she desperately needed. At school, she was bullied for participating in sports and activities typically reserved for boys, which left her feeling isolated and depressed. Living in a community with nationally high levels of violent crime, drugs and poverty rates, Margaret was facing drastic life-altering choices. Things took a positive turn in 2010 when the Fredric R. & Margaret Coudert Clubhouse opened its doors in her neighborhood.

## 2017 Youth of the Year: MARGARET R.

As a Club member, Margaret was able to channel any negative energy from her home and school environment into motivation to succeed. She developed her talents and established a sense of belonging, largely through her participation in Smart Girls and the street hockey team. "[Smart Girls] taught me critical things I need to know as a woman facing the world, especially as a minority woman," Margaret says. Because of Smart Girls, she chose to refrain from engaging in harmful activities and avoid the problems that plague her community.

During her years on the Coudert Cobras street hockey team, Margaret developed confidence as a female on a predominantly male team, with her talents

eventually earning her the role of team captain. Under Margaret's leadership, The Coudert Cobras won the 2015 Kips Bay Street Hockey Championship and she was named Most Valuable Player.

The Youth of the Year Award recognizes exceptional Club members who demonstrate academic excellence, leadership, a commitment to service and a healthy lifestyle. Out of a highly competitive panel of finalists, judges awarded seventeen-year-old Margaret Rodriguez the distinction of New York State Youth of the Year.

As part of her Youth of the Year award, Margaret received a college scholarship; she will be attending Medgar Evers College in the Fall of 2017, with plans to major in psychology.

When Margaret is not at school, she will continue to work at the Coudert Clubhouse as a group leader. Her ultimate goal is to become a developmental psychiatrist so that she can help kids who come from circumstances like her own: "Where I come from, it's not expected of a girl of seventeen to go to college or to do anything productive."

Margaret credits Kips Bay Boys & Girls Club with changing the trajectory of her life, opening doors and providing the support needed to develop into a conscientious and empowered young woman. Fearless, intelligent and wildly talented, Margaret is the epitome of everything that the Club stands for: Building confidence, strength and character.

“[KIPS BAY’S SMART GIRLS PROGRAM] TAUGHT ME CRITICAL THINGS I NEED TO KNOW AS A WOMAN FACING THE WORLD, ESPECIALLY AS A MINORITY WOMAN.”

**ZHANAЕ**  
 "I'm 9 years old and have been in Kips Bay Boys & Girls Club for 4 years." Zhanae says she "loves Kips Bay because it gives me a place to play games, meet friends, read, and have fun with friends."

# WHAT'S IN THE PIPELINE

## PALMARO GAMES & CADET ROOMS EXPANSION

Extensive renovations are set to begin at the Lucile Palmaro Clubhouse to accommodate the rapidly-growing numbers of our six- to nine-year-old Club members. The proposed renovation will reorganize current program space with dramatic upgrades to the Games Room, Cadet Room, Fine Arts Studio and expanded core activity rooms. Significant enhancements include new energy-efficient skylights in the Games Room, Cadet and

Fine Arts areas. The addition of a new Education Room and enlargement of some existing spaces in the Clubhouse will help us maximize space for learning, fine and digital arts, and STEM programming. Improvements to lighting and HVAC will provide a more comfortable environment in the Clubhouse. Renovations will begin in the summer of 2019 and are to be completed by the spring of 2020.

## COUDERT LEARNING KITCHEN

A state-of-the-art Learning Kitchen is planned in the Frederic R. & Margaret Coudert Clubhouse to expand our budding culinary arts program. This kitchen will serve as a vessel to educate our young people and their families about healthy eating, including how to shop for and cook healthy food. It will also

provide valuable career-readiness services for teens interested in becoming professional chefs or entering the catering business. Renovations are slated to start in the summer of 2019 and will be completed by the end of the calendar year.
